

Should I Become a Life Coach?

QUALITY | FLEXIBILITY | CHANGE

Life Coaching is a challenging, but extremely rewarding career path. The world needs lots more great coaches. We venture to guess that you wouldn't be reading this unless it was least a potential direction for you.

Coaches come from all backgrounds. Consulting, counseling, business, training, and entrepreneurship are just some of the areas that can give you some of the experience you will need.

Questions to ask yourself if you are thinking of becoming a life coach or personal coach:

- Are you an authentic person, living your values and experiencing success?
- Are you a good communicator?
- Do you sincerely wish the best for everyone?

- Are you great at making life work for you?
- Would you like to design your own workday?
- Would you like unlimited earnings potential?

If you answered yes to most of the above, you should consider becoming a coach!
